HELP US BUILD A PLAYGROUND!

**Argyle is growing.
So is our need for a playground.**

Construction is currently underway! A joint-use facility to replace Argyle School and Ecole St. Pius X elementary school is being built at the current site of Argyle School in the Lakeview neighborhood. By the 2023-2024 school year, we will welcome 800 students to a new joint use school.

With the construction of the school facility, we are looking ahead to play structures. Playgrounds provide opportunity for socialization, teamwork and practice with conflict-resolution skills.

Our proud community has a chance to build a playground worthy of our neighborhood's children. That is why Argyle School Community Council is spearheading a funding campaign.

We are asking for your support as a caring member of our corporate community.

Building a playground is a complex game.

The process for building a playground is driven by the specific needs of our community. This grassroots effort includes:

- Assessing our community's needs.
- Establishing community-level partnerships.
- Applying for grants, hosting hot dog sales, raffles and auctions.
- Site design and development.
- Selection of playground equipment and materials.
- Safety consultation and review.
- Construction and ongoing maintenance.

Most importantly, it's about FUNDRAISING so we can build the playground we want.

A playground benefits everyone.

- It is vital for our children's cognitive, emotional and physical development.
- It serves as a social hub for our kids and parents.
- Above all, it fosters and strengthens our sense of community.

The new playground will be inclusive. An accessible playground allows kids with or without disabilities to access and use a variety of playground equipment.

Our neighborhood and school community is multi-cultural and includes many newcomers to Canada.

The playground will include a kindergarten playground structure, agility course for Grades 1-8, tether ball poles, picnic tables and benches.

What you get from sponsoring...

- A receipt of sponsorship funds to be used for tax purposes.
- Most sponsorships can be matched and doubled under various funding grants.
- Formal recognition on the playground or in-school plaque based on level of sponsorship.
- Recognition in Argyle School's and Regina Public Schools' social media, website and other publications – and at various school community events.
- The satisfaction of knowing you're contributing to the health, happiness and well-being of our children.

Argyle School Community Council has assumed responsibility for leading the effort to build a new playground for our amazing school community. The Argyle SCC is a group of parents, community members, and teaching staff who work together to support learning and community in Argyle School.

Our goal: We aim to raise \$175,000.

Our timeline: The new joint-use school facility will be completed by April 2023.

<i>Structures and Equipment</i>		Estimated cost	Installation
<i>Phase 1</i>	<i>Kindergarten space</i>	\$55,000	Fall 2022
	<i>Agility space/Parkour (grades 1- 8)</i>	\$75,000	
<i>Phase 2</i>	<i>Benches, picnic tables, garbage cans</i>	\$30,000	Spring 2023
	<i>Tether poles, and extras</i>	\$15,000	
Total		\$ 175 000.00
